HISTORY OF VICTORIA HIGH SCHOOL

Victoria High School is the oldest public high school west of Winnipeg and north of San Francisco. It was opened on August 7, 1876, to a class of twelve girls and twenty-two boys. The first Victoria High School was a log building with two classrooms, located on the grounds of Central Middle School. By 1882, the facilities of the log building were inadequate and a new building, later known as Boys' Central School, was opened. This, too, rapidly out-grew itself and a third Victoria High School was opened in 1902.

On May 1, 1914, the fourth Victoria High was opened at the new location, Grant and Camosun. The Fairey Technical-Vocational Unit was opened in 1949, and the main building was enlarged in 1956. These buildings, with their extensive grounds, provide first class facilities for our student body. In May of 2014, we celebrated our **100th anniversary** of our existing building with three days of festivities and nearly 3000 alumni returning to visit their roots. When you graduate, you will become part of our Alumni community.

Celebrating 142 years!

VICTORIA HIGH COVENANT OF LEARNING

The Students, Staff and Parents of the Vic High Community, believe that learning:

- will be a flexible and active process that accommodates individual learning needs
- will be enhanced when knowledge comes from an enthusiastic, knowledgeable source and is received in an active, enthusiastic manner
- will be enhanced in a relaxed, open and comfortable environment
- will foster independence and responsibility
- will promote tolerance, mutual respect, self-worth and equality
- will be relevant to our diverse community and to life outside of school
- will enable individuals to adapt to change
- will promote ethical decision-making
- will encourage a commitment to lifelong learning

VICTORIA HIGH SCHOOL CODE OF CONDUCT

“We, the community of Victoria High School, believe that everyone should behave in a manner that demonstrates mutual respect and an understanding of the rights and responsibilities of others. We promote a school environment that is free from all forms of discrimination, including discrimination on the basis of race, colour, ancestry, place of origin, religion, marital status, family status, physical or mental disability, sex, sexual orientation, and age, as mandated by sections 7 and 8 of the BC Human Rights Code.”

Members of our school community are expected to behave in a responsible and respectful manner during all school activities including breaks, lunchtime, spare blocks, travel to and from school, and while attending school functions including field trips and all extra-curricular events.

These expectations include but are not limited to:

- Respecting the educational rights of all students.
- Respecting personal property of all those in our school community, respecting our school building and its contents, as well as property in our surrounding neighborhood.
- Respecting the right of every member of the school community to feel safe and be free from any form of bullying or intimidation.
- Respecting that the school and all school related events are weapons, alcohol, drugs and tobacco free.
- Wearing clothing and using language that is appropriate to a learning environment.
- Engaging in appropriate use of school computers and personal electronic devices. Cell phones should be turned off and not in use during class time without prior permission.

Any conduct contrary to the beliefs outlined in our opening statement of purpose is deemed to be unacceptable and contrary to our Code of Conduct.

Consequences for students who conduct themselves contrary to the Code of Conduct will be appropriate to the context, severity and frequency of the behavior, as well as the maturity level, age, and special needs of the student. Whenever possible and appropriate, consequences for breaches of the Code will be restorative in nature rather than punitive.

The school will take all reasonable steps to prevent the possibility of any retaliation resulting from complaints made regarding behavior contrary to the Code of Conduct.

It is important that parents/guardians be informed when serious contraventions of the Code of Conduct occur. When appropriate, District personnel and/or the School Liaison Officer may also be informed.

ATTENDANCE POLICY

“Every Class, Every Day”

Our focus is on **student achievement**. **The research is clear: students cannot succeed if they are not in class.** We place a high priority on attendance. **Poor attendance during high school impacts future career choices.**

To **report a student absence**, the parent/guardian is requested to phone our **Attendance Line – 250-361-3219** or e-mail VicHighAttendance@sd61.bc.ca. Upon the student’s return to school, **a note should be provided** explaining the absence. This note will be taken by the student to each of his/her teachers to sign, before being handed in at the Main Office.

Vic High’s responses to absences:

- **For an EXCUSED absence** (illness or other emergency situation), the teacher will collaborate with the student to complete the missed work in a timely manner.
- **For an UNEXCUSED absence** the opportunity to make up work missed will be at the teacher’s discretion.
- **For an EXTENDED absence** we ask that parents/guardians notify school staff well in advance where possible.

Consequences of Poor Attendance:

Students with chronic attendance problems will be required, together with their parents, to meet with Administration to develop a workable plan to improve their attendance.

Late for Class:

If you are late arriving to school, you are to go directly to your class. You may be required to wait until your teacher admits you.

Loss of Privileges:

Students who demonstrate a poor attendance record (including “lates”) may not be eligible for certain privileges. These can include:

- ski trips
- recreational outings
- participation in sports activities
- participation in some dances (including the grad dinner dance!)

Study Block:

Some senior students have a spare block to be used for study. These students are to use the library, or the cafeteria for their work (or they may leave the grounds altogether). **Students are not to wander the halls at any time during classes.**

ACADEMIC INTEGRITY

New high-tech tools including the internet, cellular phones, small cameras and personal digital assistants – are making cheating easier for students and more difficult for teachers to control. Victoria High School has taken a strong stand on academic integrity, and will not tolerate deliberate attempts to deceive a teacher, fellow students, or an examiner.

The following will be considered **cheating**:

1. The willful giving or receiving of an unauthorized, dishonest, or unscrupulous advantage in academic work over other students.
2. The above may be accomplished by any means whatsoever, including, but not limited to, the following: fraud, deception, theft, talking, signs, gestures, copying from another student, unauthorized collaboration, and the unauthorized use of study aids, memoranda, books, electronic programs, data, or other information.
3. Attempted cheating.

The following will be considered **plagiarism**:

1. Presenting as one's own words and work, the work, words, ideas, or the opinions of someone else without proper acknowledgement.
2. Borrowing the sequence of ideas, the arrangement of material, or the pattern of thought of someone else without proper acknowledgment.

If a student cheats or plagiarizes, individual circumstances will be taken into account by the teacher, with administration involved at the teacher's discretion. The severity of consequence is expected to escalate as students progress through the grades.

First Occurrence:

- ✓ The student will receive a lowered grade reflecting only the original work of the student. This mark could be a zero.
- ✓ The student will be given another opportunity to demonstrate their understanding of the learning outcomes without penalty (100% of the original mark could be obtained).
- ✓ The teacher will contact the student's parents.
- ✓ The incident will be recorded in the student file.

Second and Subsequent Occurrences:

- ✓ The student will receive a lowered grade reflecting only the original work of the student. This mark could be a zero.
- ✓ The student will be given another opportunity to demonstrate their understanding of the learning outcomes without penalty (100% of the original mark could be obtained).
- ✓ The teacher will contact the student's parents.
- ✓ Administration will be informed of the event and may be involved in determining further consequences.
- ✓ The incident will be recorded in the student file.

EMERGENCY INFORMATION

EARTHQUAKE

In the event of an earthquake, students will be instructed to drop and cover. Drop and cover follows this process: drop to the ground, take cover by getting under a sturdy desk or table, and hold on to it until the shaking stops. Evacuation will proceed as outlined in the School Emergency Preparedness Guide. Earth quake drills are practiced a minimum of twice per year at each grade level.

FIRE

In the event of a fire within a school, the fire alarm will be sounded by the person discovering the fire. Students will be evacuated from the building using the nearest safe exit and will assemble at a predetermined location where attendance will be taken and the names of missing students and their possible location are reported to the Principal. Fire drills are practiced on a regular basis, once per month at elementary and every two months at middle and secondary.

HOLD & SECURE

A 'hold & secure' should be used when it is desirable to secure the school due to an ongoing situation outside the school and not related to the school (e.g. a robbery occurs near a school, a cougar has been sighted in the neighbourhood). In this situation the school continues to function normally, with the exterior doors being locked until such time as the situation near the school is resolved. After any hold & secure, a communication should go out to parents/guardians briefly outlining the situation and how it was handled.

LOCKDOWN

A 'lockdown' should only be used when there is a major incident or threat of school violence within the school, or in relation to the school. The school will follow the established lockdown procedures. Parents should wait for information from the school district before coming to the school. After any lockdown, a communication should go out to parents/guardians briefly outlining the situation and how it was handled. Lockdown drills are practiced at the school, at least one per year, and include the school liaison officer.

VTRA

Fair Notice, from time to time it may be necessary to complete a Violence Threat Risk Assessment (VTRA) in response to threatening behavior toward students or staff. To ensure the safety of students, staff, parents and others, threats must be taken seriously, investigated and responded to. The VTRA will allow the school to plan the interventions necessary to prevent traumatic events in schools.

PARENT INFORMATION

In the event that students cannot be released from the school site, our alternative student pick-up location site is Royal Athletic Park.

Please wait for information from the school district before coming to the school to pick up your child. Information can be found at: www.sd61.bc.ca, CFA, 107.3, 100.3

******Student's will only be released to the parent/guardians or individual(s) listed as an emergency designate. Please ensure the school has updated information for your child.***

EVALUATION POLICY

Our school year is divided into two, five-month semesters. **Semester One** begins in September and runs through to the end of January. **Semester Two** starts the first week of February and runs through to the end of June.

1. **Evaluation marks are cumulative throughout the semester to the final exam.** Each course has a percentage allocated for the semester's work and for the final exam.
2. For report cards, the student's cumulative grade will be converted to a letter grade as shown :

A	86 - 100% The student demonstrates excellent or outstanding performance in relation to the prescribed learning outcomes for the course.
B	73 - 85% The student demonstrates very good performance in relation to the prescribed learning outcomes for the course.
C+	67 - 72% The student demonstrates good performance in relation to the prescribed learning outcomes for the course.
C	60 - 66% The student demonstrates satisfactory performance in relation to the prescribed learning outcomes for the course.
C-	50 - 59% The student demonstrates minimally acceptable performance in relation to the prescribed learning outcomes for the course.
I	The reporting symbol "I" will be used to alert parents that the student is not demonstrating minimally acceptable performance in relation to the expected learning outcomes. There may be various reasons for this. <u>Examples</u> include: the student may be making progress but requires additional time or support in order to meet the expected learning outcomes; the student has not completed important assignments and the teacher is unable to adequately assess student progress without the assignments being completed; the student has not been attending class. -An "Incomplete" is normally to be <u>completed</u> two weeks after the report card is distributed or it will convert to a FAIL.
F	0 - 49% Failed or Failing. The student has not demonstrated, or is not demonstrating, minimally acceptable performance in relation to the prescribed learning outcomes for the course. An F must be preceded by an "I".

3. Graduation assessments are changing to align with the new curriculum and international trends for large-scale assessments. As part of the updated graduation requirements, students in the [new Graduation Program](#) (Grade 9-11) will have to complete two provincial assessments. They will focus on the demonstration and application of numeracy and literacy.

The Graduation Numeracy Assessment was introduced in the 2017/18 school year. [Learn more about the Graduation Numeracy Assessment](#). The Graduation Literacy Assessments are still under development and will be introduced in the 2019/20 school year (all Language Arts 12 examinations will continue until that time, and then be phased out in the process). [Learn more about the Graduation Literacy Assessment](#).

*Francophone and French Immersion students who wish to graduate with a Double Dogwood (both the British Columbia Certificate of Graduation and the *Diplôme de fin d'études secondaires*) will need to complete both the English Literacy Assessment plus the *Évaluation de littératie – Français langue seconde – Immersion* (Immersion students).

LOCKS AND LOCKERS

Student lockers are provided for the convenience of students to store books, school supplies, equipment, and outerwear. The school is not responsible for lost or stolen articles. School officials may search student lockers at any time and without prior notice.

Conditions of Use:

1. Students are responsible for the locker that is assigned to them.
2. Lockers may only be used for the storage of books, school supplies and equipment, outerwear, school sports equipment and lunches.
3. No other material is permitted without permissions from the principal or vice principal.
4. No illegal substances such as drugs, alcohol, weapons or other prohibited or offensive materials are to be placed in school lockers.
5. Lockers are to be kept clean and food is to be removed on a regular basis. Students are responsible for keeping their locker free from writing, graffiti, stickers, etc.
6. Students are responsible for cleaning and removing all material from their locker at the end of the school year or when they leave the school.
7. Permission to use a locker may be terminated when a student does not comply with the conditions of use, school policies or rules.

It is the responsibility of all members of the school community to keep Vic High safe. If any student has reason to believe that any locker contains anything that threatens the safety of other students, staff or any other person, that student is expected to immediately report the information to a teacher or administrator. The name of the student making the report will be kept confidential.

P.E. Lockers

Students are advised to bring a lock for use in the P.E. change room. They must be removed after each class. Security in P.E. change rooms cannot be guaranteed. Do not leave valuables in the change rooms! The school is not responsible for lost or stolen articles.

Locks and Lockers: Opening a Combination Lock

1. Start by turning the dial on the lock until the "0" meets the arrow above the dial.
2. Now, turning the dial clockwise, go to the first number. (let's say it's 17). You want the number to meet the marker.
3. Now, turn the dial counter-clockwise to the next number, (now let's say it's 32) once you meet the number with the marker, pass it and keep turning the dial counter-clockwise until, once again, "32" meets up with the marker on top.
4. Finally, turn the dial clockwise to meet the last number. (we'll now say it's 24)
5. That's it! Pull up on the shackle at the top of the lock.
