

Vic High

February 2021

Principal's Message

We have successfully reached the half way mark in what has been a highly unusual and at times challenging school year. I am not surprised with the patience and care that our school community has displayed during our move to a temporary campus, while adapting to the realities of the global pandemic; I am genuinely surprised, however, with the number of our students that have found a way to flourish in their learning under these trying circumstances. With the loss of instructional time and many of our popular extracurricular activities – I would not have predicted that our class failure rate would be the lowest we have seen in recent years, that attendance would be well above a typical year, and that we would routinely hear anecdotal reports from teachers about how their classes are some of the strongest they have seen in years.

I have had some parents ask about GPA and honour roll. Due to the quarter system we will be calculating GPA and honour roll at the end of term four. While many of our typical 'school' experiences have been altered or cancelled, we do have a handful of exciting activities coming up in the second half of the year. Our musical **Urinetown** will run virtually in May. We are also looking forward to the Vic High Reads competition. Similar to our grad assemblies and the recent Moose Hide Campaign presentation, all assemblies are hosted virtually. Over the next few weeks we will be conducting course selection. This is an exciting and important time for students and our school. High school is a time when students are supported as they take ownership of their education. We are proud to offer a wide variety of engaging and valuable course offerings. I would encourage you to review the course handbook on our website with your child and join them in their planning.

Feb 17th Grade 9 course selection 9:00-10:00,
Grade 10 course selection 10:00 - 11:00
Feb 18th Grade 11 course selection 9:00 – 10:00
Feb 19th Make up session
Feb 23rd Course Selection Final Submission (All grades)

I look forward to a safe and productive second half of the school year.

Take care,

Aaron Parker
Principal

Important Upcoming Dates

February 12 th	Pro-D Day (no classes)
February 15 th	Family Day (school closed)
February 24 th	Parent / Teacher Interviews
March 2 nd & 3 rd	Grad Photo Retakes
March 5 th	Last Day of Bell Schedule 5
March 8 th	First Day of Bell Schedule 6
March 15 th to 26 th	Spring Break
April 2 nd	Good Friday (school closed)
April 5 th	Easter Monday (school closed)
April 16 th	Last Day of Q3
April 19 th	First Day of Q4
April 23 rd	Pro-D Day (no classes)
April 28 th	Report Cards Issued

January 27th was "Dress Like Mr. Parker Day" and our staff and students did not disappoint.

Social Justice 12

Performing Arts Activism in a time of need: Mz. Hope's Social Justice 12 class worked with local artist and activist, Valerie Salez (<http://www.valeriesalez.com>), on an upcoming performing arts video on the hopes and fears and loneliness experienced during the time of COVID. The project is supported by the Canada Council of the Arts and will be aired on CBC! Money raised was donated to five organizations: The Children's Hospital, The Men's Trauma Centre, Borderline Personality Disorder clinic, Bridges for Women, and The Mustard Seed.

Our Vic High Library display for Black History Month

Leadership students are working hard to get ready for our busy February. Watch for celebrations for Lunar New Year and Valentine's Day as well as our annual Compassion Week and Pink Shirt day all this month.

Thanks for visiting Bernie! We love the mittens.

Science

Vic High Marine Video Clips Featured in *True Facts: Freaky Nudibranchs*

Are you familiar with the *True Facts* videos on YouTube? In a recent *True Facts* humorist Ze Frank describes the fascinating lives of marine nudibranchs (a marine gastropod related to slugs and snails). Mr. Young recently discovered that during “Freaky Nudibranchs” Ze had included clips from a video produced by himself and Soledad Callo last year! Ze in error credited the borrowed video to Dr. Louise Page, a friend of Mr. Young’s who is a world renowned gastropod specialist at the University of Victoria. After contacting Ze he credited Soli and Mr. Young for the video. Soli is currently at Uvic beginning her biology degree and will certainly be visiting Dr. Page’s lab in the future.

Please visit the “Freaky Nudibranchs” video to see the fascinating lives of these marine creatures – note: the video clips of larvae with “Dr. Louise Page” in the top corner is from Soli and Mr. Young.

https://www.youtube.com/watch?v=F7V8DRfZBQI&ab_channel=zefrank1

Viewer discretion is advised for younger kids – Ze uses colourful language.

A screenshot of a YouTube video player. The video is titled "True Facts: Freaky Nudibranchs" and has 3,681,644 views as of March 14, 2020. The video player shows a nudibranch with yellow, black, and white stripes. Below the video player, the channel name "zefrank1" is displayed with 3.28M subscribers and a red "SUBSCRIBE" button. The video description includes links to True Facts T-shirts and a Patreon page, and credits for Ze Frank. Special thanks are given to Soledad Callo and David Young at Victoria High for the veliger footage that was mistakenly attributed to Dr. Page. The video player interface includes a search bar, a play button, and a progress bar showing 0:15 / 10:14.

It's Official! – Vic High has adopted its own Killer Whale Pod!

Last year Mr. Young's marine biology 12 class had a fundraiser bake sale to adopt a killer whale pod and support research and conservation of these endangered mammals through the Ocean Wise Research Institute.

This year our goal is to again raise \$225 to renew the adoption and continue to support research and conservation of the local killer whales. It has been more difficult to raise funds this year, however, since we are unable to organize events such as bake sales. So far this year we have raised \$45 but if you would like to contribute to our fundraising goal and feel that Killer Whale Karma again you can donate through the following link:

<https://sd61.schoolcashonline.com/Fee/Details/2967/140/false/true>

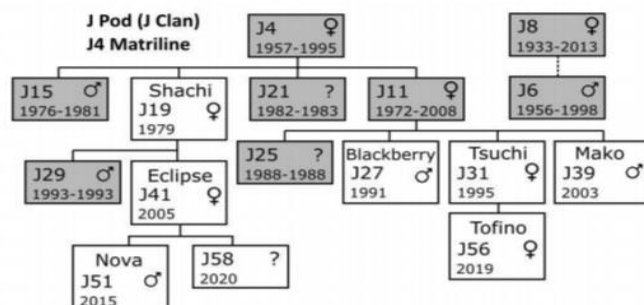

Select: **Victoria High School** and in the message write **Killer Whale Adoption**

The J4 Matriline (also known as the J19 matriline) is one of four matriline pods known to researchers as J pod. It is one of the best-known southern resident pods because it usually spends a great deal of time off southern Vancouver Island year-round. **Shachi (J19)** heads the matriline and has one surviving offspring, daughter **Eclipse (J41)**. She is now also a grandmother to Eclipse's son **Nova (J51)** and most recently, Eclipse's newborn calf **J58**. Whale watchers were lucky enough to witness the birth on September 24 off the south coast of Vancouver Island. Shachi and family also travel with her nephews **Blackberry (J27)** and **Mako (J39)**, niece **Tsuchi (J31)** and her daughter **Tofino (J56)** – their mother **Blossom (J11)**, Shachi's sister, died in 2008. As a teenager, Blackberry spent a lot of time with pod mate **Mike (J26)** and together they made a very mischievous pair. However, after Blackberry's mother died he took over the role of caring for younger brother Mako and the two are inseparable.

The J4 Matriline belong to the southern resident population of killer whales, which roams the waters off southern Vancouver Island around the Strait of Georgia and San Juan Islands as far south as Puget Sound. There are three pods totaling about 75 whales in the southern resident population.

Resident killer whales are matriarchal, which means that family groups are structured around mothers. Sons, along with daughters and their offspring, stay with their mothers throughout their lives. These family units, known as matriline, typically consist of an older female, or matriarch, and her male and female descendants. Matriline members rarely travel apart for any significant length of time. A larger social unit is a pod, made up of related matriline, such as sisters, aunts and cousins.

...and our pod is growing! Baby J58 alongside mom, 15-year old J41 Eclipse.

We are now approaching the season when inclement weather may affect the safety and welfare of students. In particular, snowy weather has the potential to cause school closure or some School District 61 services to be suspended.

During inclement weather, information about schools will be updated continuously on the Greater Victoria School District 61 website at <http://www.sd61.bc.ca>.

Within the Greater Victoria School District, the Superintendent of Schools, Ms. Shelley Green, will provide media outlets with information about the status of our facilities and transportation services by 6:30 am.

Newsletter—February 2021 - Kerry Krich, Dance Department

BEGINNER DANCE

Beginner dancers from both C and D Blocks cautiously entered the creative world of choreographing their own works with incredible results. There were completed 2-3 minute works ranging from Contemporary, Jazz, Hip Hop to Interpretative from students Grades 9-12. Solos, duos, trios—we had it all. Congratulations to our future Young Choreographers---“Believe you can and you’re halfway there!”

ALUMNI RETURN—GUEST CHOREOGRAPHERS

Ross Wirtanen, Sienna Nargang-White and Rayn Cook-Thomas are all currently working on new dances with our “Platform 61” dancers. Ross’s workshops are held by Zoom due to COVID restrictions; and both Sienna and Rayn are working in-studio with the dancers.

Rayn is workshopping and rehearsing a new Contemporary piece titled “Orcinus Retreat” with 11 dancers. The new work is to be premiered at our Evening of Dance 2021 in May at the Dave Dunnet Theatre. “Orcinus Retreat” is similar to last year’s critically acclaimed work “The Picker” in that it represents a powerful Indigenous viewpoint.

Sienna is back with her contagiously positive energy to set one of those all-inclusive Hip Hop dances with “Platform 61” dancers and our Hip Hop Crew, and eventually our Intermediate dancers in Quarter 4.

Rayn is currently a 2nd year student at York University in the Dance Department; and Sienna is a first year student at UBC in Department of Spanish and “Gender Race Sexuality and Social Justice”. Ross’ work is non-stop in the National circuit of Industry Production and Performance.

The Dance Department is situated in the back of the Fine Arts wing and we are thrilled with our location, space and AMAZING sprung floor. There is storage in one place for all our 184 boxes, 3 large suitcases (filled with tap shoes) and 7 large Tupperware storage boxes. Plus a change room that is COVID friendly for 4-5 dancers at a time AND a men’s change room—well not really, our male dancers share the room with all the costumes, but it puts a smile on their faces to have their own space behind a door! So this was an extraordinary move to VHS-Topaz campus!

ALUMNI RETURN!

French Immersion Update:

Our French Immersion students have been working very hard this past quarter. Our junior students were busy taking Français Langue, Sciences Humaines and Education Physique classes and our graduating class was busy completing coursework online for their grade 12 class: Liens avec la vie personnelle et professionnelle. Our grade 10 students who completed their Sciences Humaines class in January also had the opportunity to participate in “The Night of the Notables”. Each student dressed up and acted as a notable person who lived during the time period studied during the time period studied in class and created a number of artifacts to represent the notable person’s contributions to history. Due to Covid-19 restrictions we could not hold this event during the evening or invite any guests to the school, but a great number of our staff volunteered to interview our students and were thrilled with the amazing information that they learned from all of the students. Bravo!

As we move into quarter 3 we welcome back our senior students to their Immersion program classes. Our grade 11 and 12 students are excited to be back practicing their oral and written language skills and our graduating grade 12 students will be presenting their final Capstone projects on Friday April 23rd to a group of French speaking teachers and volunteers. We are truly looking forward to celebrating the achievements of this year’s grad class!

Congratulations to the following students who achieved an A (86% or better) in both their Quarter Two classes of the 2020-2021 school year
