

Welcome to the new school year!

To request course changes, please scan the QR code below. The Google Course Change Request form will be open from **Tuesday, Sept. 3rd at noon until Friday, Sept. 6th.**

Important Notes:

- **Priority:** Class space is extremely tight and there is very limited availability. Changes are made based on priority. When possible, students will be placed on a waitlist. Due to the high volume of requests, we cannot provide updates. You will be notified via the email you provide if your course changes are approved.
- **Course Changes:** Please be aware that changing a course may alter the order or teacher of your other classes.
- **Study Block Requests:** Grade 11 or 12 students may request one study block. Parental permission may be required. During study blocks, students will be required to sign in to the library and work independently, or collaborate with a teacher in a classroom or be off campus.
- **Waitlist:** If you were on the waitlist from June and still wish to make changes, you **MUST** resubmit a course change form. If you do not, your name will be removed from June's waitlist.

Thank you for your patience and understanding. 😊
